Skills

Team Management, Strong Communication, Work Planning

Work Experience

Frontend Web Development Intern Jun 2026 - Jul 2026
CodeAlpha

- Designing and developing responsive, user-centric web applications using clean HTML5, CSS3, and JavaScript.
- Implementing modern CSS layouts (Flexbox, Grid) and media queries to ensure seamless UI/UX across mobile, tablet, and desktop screens.

Education

SRI CHAITANYA Jan 2021 -

TIRUMALA ENGINEERING COLLEGE Aug 2023 -

Sindhi High School Jan 2023 - Jun 2023

Certifications and Training

Exam Prep (NCA-GENL): NVIDIA-Certified Generative AI LLMs at COURSERA, AI for Everyone: Master the Basics at EDX, Data Visualisation: Empowering Business at FORGE

Hobbies

Sports & Fitness: Active badminton player (JNTU Tournament competitor) and basketball player; focused on strategic thinking, team dynamics, and high endurance.

Project Experience

E-Commerce Luxury Product Showcase Landing Page

Designed and built a visually striking, high-impact e-commerce landing page featuring modern layout strategies and curated luxury product presentation card modules. Utilized advanced layout controls including custom border-radius containers, container box-modeling, and specific margin alignments to deliver a clean, minimalist UI/UX interface.

Dynamic Multi-Brand E-Commerce Portal

Engineered an immersive, single-page retail portal from scratch, showcasing high-end consumer electronics, fashion accessories, and luxury fragrances. Developed a highly structural layouts strategy by successfully integrating dynamic external product routing pipelines (anchors linking directly to parent product hubs like boAt and OLEVS).

Languages

Telugu, Hindi, English
